An Arrain of Honon.—It was rumored in town yesterday that two gentlemen of the Union Club had a riolent altercation a few evenings since, and have since gone to Norfolk, Virginia, for an exchange of these. The Express says:

"It is said that Samuel Neal and Thomas Bryant, the artists, have gone to Norfolk to fight a duel, and hat Neal has been wounded." AN APPAIR OF HONOR.—It was removed in to

CINCINSATIANS IN Town.-Mayor Bishop of Cin cinnati, A. W. Gilbert, City Civil Engineer, and Henry Mack, Chairman of the Committee on Sewer-age, of that city, are on a visit to New-York for the purpose of inspecting our system of sewerage. They were conducted to the reservoirs and various other points of interest, yesterday, by President Stephens of the Croton Board, who furnished them every facility for the attainment of their object. The visitors came hither from Philadelphia, and will visit Brooklyn before departing westward, in order to judge of the use-fulness of the tubular sewerage-pipe, which is extensively used there.

COMMENCEMENT WEEK OF THE UNIVERSITY OF THE CITY OF NEW-YORK .- To-morrow evening the Annua ermon of the Young Men's Christian Association of the City of New-York will be preached in the Reforme Dutch Church, on Lafayette place and Fourth street by the Rev. Rufus W. Clarke of Brooklyn. On Mon ay, at half-past 10 a. m., the Public Exhibition of the Preparatory Department, in the University Hall. On Tuesday, June 19, Examination for Admission, at 91 a. m., in the Chancellor's Room; examinations will also occur in September next. On Wednesday evening, June 20, Annual Meeting of the Phi Beta Kappa at 7 o'clock, in the Chancellor's Room. On Wednesday at 8 o'clock, p. m., in the University Hall, Anniversary of the New-York Beta of the Phi Beta Kappa; orator the Rev. Dr. R. D. YOUNG MEN'S DEMOCRATIC STATE CENTRAL COM-MITTEE.—At a meeting of this body on the 12 inst in this city, the Hon. E. A. Lawrence presided. The fellowing gentlemen were elected officers of the State Committee for the present year: E. A. Lawrence of Queena, Chairman; John Arnott, jr., of Chemung, Vice-Chairman; Joseph W. Corlies, jr., of New-York, Treasurer; H. C. Page of New-York, Secretary. The officers of the State Committee are ex officio members of the same. The object of the Committee is to devise a plan of organization and adopt such other measures as might be deemed best for the interests of the Demoas might be deemed best for the interests of the Demo-eratic party, the premotion of union and harmony, the altimate triumph of its principles, and the success of its representative candidates. Committees were ap-pointed to prepare and report a plan for a more thorough organization of the Democracy, to prepare an address, and to prepare and issue a series of political treats. It was also resolved to hold a Young Man's tracts. It was also resolved to hold a Young Men's Democratic State Convention at Saratoga on the 31st

A FIVE POINTS' STRAWBERRY PARTY.-The chilaren of the House of Industry at the Five Points were hat evening treated to a taste of strawberries—the gift of a friend. The little ones gathered in from their cellars and parrets, with clean faces and smiling countenances, for the feast was given to all who chose to some. One little fellow, well known to the children, came in so wretched a plight, so ragged and dirty, that it was veted by the company that he was not in a fit sondition for the supper. It was finally decided by vote that he should have a new jacket and pants, and be admitted to the enjoyment of the evening. There was a tear in the little fellow's eye, and afterward he enjoyed himself as well as any one of them. The evening passed pleasantly away, with songs and promenades. A few remarks were made by a gentle-man from a Sunday-School in Syracuse. But the great feature of the evening was eating the straw-

CHURCH DEDICATION .- The new Baptist Church in Thirty-fifth street, between Fifth and Sixth avenues, erected by the congregations formerly worshiping in Eighteenth street, of which the Rev. S. A. Corey is pastor, will be dedicated to-morrow morning at 104 o'clock, the pastor officiating. The Rev. Dr. Armitage will preach in the evening.

PUBLIC SCHOOL RECEPTION .- The first reception of ing, Mulberry street, was held on Thursday morning The room was crowded by the pupils and their friends. and the exercises excited unflagging interest for four hours. They consisted of reading, general reviews of studies, singing, operating on Wheeler & Wilson's sewing-machine, presentation of certificates and ad-dresses by various gentlemen, closing with a neatlyspread collation. The exhibition compared favorably with that of our schools in general of corresponding grade, and furnished an argument conclusive as to the capacity of the colored children for intellectual culture.

The school building is creditable to the humanity and public spirits of the school officers in the Fourteenth Ward, and contrasts very strongly with the miserable provisions made for the education of our colored population in the other wards.

THE RUTGERS INSTITUTE.-The Trustees of the Rutgers Female Institute yesterday closed the contract for the purchase of new buildings for that Institution, in the new block on Fifth avenue between Forty-first and Forty-second streets. This block, lately erected after plans and under the direction of Alex. J. Davis, is a striking architectural novelty on the avenue. The structure is a fawn-colored fire-brick, quite in contrast with the marble and brown stone so much used in this vicinity. To adapt the building to the purposes of the Institution, considerable addition and some internal alterations are required. These will embrace chapel, a laboratory, and several large schoolrooms, the whole surmounted by an observa-The alterations and additions are to be cory. The alterations and additions are to be complete by the 1st of September next, so as to be occupied by the school at the beginning of the next term, which is the eighty-sixth since its first organization. This Institution was chartered by the Legisla-ture of the State in 1838. The funds for its endowment was obtained partly by subscription, and partly by a denation from Wm. B. Crosby esq., the heir of

For many years the Institution enjoyed almost unprecedented prosperity, and during that time the library and apparatus were added by annual appropriation. Since the great rush of people up-town, the numbers have not been so large, and it was thought best to let the Institution go with the people. Hence the present movement. Mr. Henry M. Pierce, under whose manwill continue at the head of the Institution as principal. The Board of Trustees contains, among others, the Rev. Dr. Krebs, President of the Board; J. W. Leveridge, esq., Secretary; the Rev. Dr. Armitags, the Hon. Joseph Hoxie, E. D. Brown (President Mechanics' and Traders' Bank, John Gray, and Spencer Kirby, esqs. A friend of the Institution has offered the sun of \$2,000 toward the purchase of a telescope for the observatory. The Commencement will take place on the 28th inst., at the Rutgers at cet Church.

MISOR CITY ITEMS .- To-morrow, and every subsequent Sanday during the Summer, the Harlem Railroad Company will convey passengers from the Astor House to Forty-second street by horse cars, and thence to Seventy-ninth street, opposite the Ramble, Center Park, by steam. The steam cars will start from Forty second street at 9 a.m., and make half-hourly trip shereafter during the day, halting for passengers Fifty-ninth and Seventieth streets ... At a meeting

THE COMING OF THE JAPANESE .- At 10 o'clock this morning the steamboat Alida will leave for Amboy with the Common Council and invited guests to meet the Embassy. She will reach the city with the Japanese about 2 o'clock p. m., when they will be escorted up Broadway, Grand street, the Bowery, down Fourteenth street and Broadway to the Metropolitan Hotel, by the First New-York State Militia. Of course there will be a great crowd, but the police and military arrangements are such that there can be no confusion nor intrusion upon the straters. Mr. Superintendent Kennedy has

PLEURO-PNEUMONIA IN A HORSE. Editor of The N. Y. Tribune.

Sir: In your last Saturday's paper was published an "interesting and valuable account" of the treatment and cure of a case of disease in a horse, "every one of whose symptoms was the pleure pneumonia of Massachusetts." I quote the language of the "account," and am not responsible for its correctness. The treatment itself is the matter of interest, and from the authoritative manner of its announcement seems to domand investigation. If the method of our adopted in the case was really as efficient as it was successful, the interests of our land demand its extensive publication.

The happy author of the treatment deserves the thanks of the public for giving so particularly the names of his remedies, his manner of exhibiting them, and their several potencies, ven if not explicit in defining the doses. I propose merely to analyze the potencies, and leave it to others to discuss the medicines, the mode of their exhibition, and the proper doses.

Aconite of the 12th power is not a very high Hahnemanic di intion—it is only the quartilliont, in other words, the quarfillion drops contain but a single one of the juice of the plant. I find, by referring to some laborious calculations of mine made twelve years sgo, and according to ancient enumeration, that a quartillion drops of water is more than the Indian Ocean contains supposing its surface to be 17,000,000 square miles, and its awrage depth 3,060 feet. I say more, and speak advisedly—mare by nearly eight Mediterranean Seas, each having a length of 2,000 miles and a breadth of 500, with the sverage depth above, 3,000 feet.

The Bryonia and the Phosphorus were of the 30th—the decilionth power; a much more formidable potence.

I wish not to take up too much space, and therefore merely say that a globe having a diameter of three handred bilions miles, cannot contain a decilion drops of water, and yet such globe is larger than fifty quintillions earths. Light, flashing at the rate of 200,000 miles per second, would traverse such danceter in about 47 years, 296 days, 7 hours, and 4 minutes? Surely, if such body of water fall short of the 30th dilution, the full decilion may be sufficient to destroy the efficiency of one poor drop of bryonia juice, or of a single grain of phosphorus!

Farmers of Massachusetts, calculate the immensity of the 30th, and ye may catch some glimmering conception of the sublime. Calculate, and then, if ye can, use the dilution, and ye will exhibit, and perhaps feel, the ridiculous.

MINOR POLICE ITEMS .- George McWood and Jacob MINOR POLICE ITEMS.—George McWood and Jacob Davis of No. 72 Chatham street, were arrested yesterday, the former cherged with having stolen a diamond ring worth \$175, from the auction room of Doughty & Co. No. 35 Nasan street, and the latter for having bought the ring for \$40, with a gulty knowledge. Both the prisoners were held for examination... James Clark was arrested on Thorsday night, while in the set of besting Ralph Campbell, at the corner of Broadway and Walker street. Mr. Campbell, who is a member of the flightand Regiment, was passing along the street, when three or four gamblers rushed at him from Fiorence's Hotel, knocked him down and heat him in a frightful manner. Campbell identifies Clark as one of the rowdies who heat him, and the prisoner was required to give ball to answer. Florpine's corner is becoming quite nots 4-ous for these brutal assaults by gamblers who frequent that place.

COLORED BURGLARS.—Two colored men, named Abram Thompson and Henry Farrest, were arrested on Friday morning by Officers Phillips and Pabor of the Nineteenth Ward, on suspicion of having stolen a lot of parlor ornaments which they had. Forrest attempted to escape, but was pursued by one of the mounted police, who arrested him in Central Park. The property was subsequently identified by George S. Fox of West Farms, whose house had been broken into and robbed the previous night. The prisoners were identified by Mr. Fox as persons to whom he had given money and refreshments on Thursday afternoon. Justice Purdy of West Farms locked the prisoners up for trial.

## NEW-JERSEY ITEMS.

CRICKET-ST. GEORGE VS. NEWARK.-The contest between the first eleven of these Clubs, which was commenced at Hoboken on Thursday, was concluded yesterday afternoon, the result being another decided victory for the St. George Club, it being the third of victory for the St. George Clab, it being the third of the season, which has thus far progressed very favor-ably for them as regards their success in the contests in which they have been engaged. We briefly noticed the play of Thursday in yesterday's paper, and there-fore we have but to comment on the prominent points of the play at the second innings. The St. George went to the bat in their second innings yesterday at 12 o'clock, and at 2 p. m. the last wicket had fallen for a total of 69 runs only, Sadler and Currie being the only players to obtain double figures, and Gibbes and Walker the only ones beside that obtained average scores, the bowling both of Hallis and Walters being splen-did, and the fielding very good, Pennington's fine play at wicket being especially worthy of notice. Gibbes injured his fingers, and therefore went in last man, and had no opportunity of doing much. At 2:45 Newark again went to the bat, but at 4 p. m. the last wicket fell for a total score of 38, the batting being very tame indeed. The bowling, however, was excel-lent, especially that of Harry Wright, as his score will show. Grayson and Harris were the only play-ers that made any stand at all, and their batting was nothing superior. The fielding was excellent, and the wicket keeping of Sailer first-rate. Curris did not keep wicket yesterday, as his hand was injured the day previous. The second eleven of this Club will play a match next week. The following is the score of the match yesterday:

Waller run out. 0 S. Wright b. Warner. 0 S. Wright b. Warner. 0 S. Wright b. Warner. 1 Walker c. Kidd, b. Warner. 1 H. Wright b. Hallis. 1 P. Robinson not out. 24 Burnett run out. 24 Burnett run out. 25 Currie b. Hallis. 1 Byes 19, leg byes 5, wides 5. 1 B. Robinson b. Walters. 12 Total. 10 

ANNUAL REGATTA OF THE HOBOKEN YACHT CLUB.-Never was there a finer sky or breeze for a Regalta than on yesterday afternoon, and all of the Hoboken Club declare that the contest was as thepiriting as the most successful of former years. The yachts, a list of which was given in THE TRIBUNE a few days since, were divided into four classes—those of the first and second consisting of cabined boats, and the two lower classes of those having half-decks. All of the yachts belonging to the Hoboken Club were entered yachts belonging to the Hoboken Club were entered for yesterday's trial, and all but two, the "Secret and Trio," actually sailed. The Club-house, at the South end of the Elysian Fields, was thronged at an early hour with the seventy members of the club, in their tasteful uniforms, and with a host of ladies and gentlemen interested in the fortunes of the day.

At 11:20 a. m. the fourth-class yachts got off, and in less than ten minutes the entire fleet were under sail and away. The course to be made was from the stake boat, opposite the club-house, down to the Lower Bay, around Buoy No. 15, and back to the place of starting The steamboat Chicopee, chartered to accompany the yachts, took on board the friends and invited guests, and followed down the Bay, with a full band of music on her upper deck. The steamer-vacht Norms, Cap McFarland, also acted as escort to the contestants.

The wind was from the S. S. E., and in the Lowe Bay blew so freshly that the smaller boats had all the could carry, and several parted jib-sheets or lost a spar The run home was a very fine one, and the yachts came to the stake-boat in the following order:

3:12 3:23 Broke down Prima Douma. 11:20
Jane. 11:20
Restless. 11:20
Auna 11:20 2:46 3:03 3:07 Run into.

The Mallory, Syren, Vesper, and Prima Donna were accordingly declared the winners, though there was some talk of a protest being made against the sailing of the first named yacht. The Anna came in collision with a schooner, early in the race, and was badly dis abled. The prizes are to be of the value of \$25 each. and to be selected by the winners in accordance with their own taste. Taking the regatta be all in all, the Hoboken Club have reason to congratulate themselves on the success of the day.

Another Mysterious Affair at Jersey City -Robbery and Probable Murder .- On Wednesday morning a black canvas traveling-bag was found on the Paterson Dock, Jersey City, cut open, and with blood stains on the articles it contained, and on the bag itself. The supposition then was that it had been stolen from the railroad cars, and that the blood was from a cut probably on the hand of the thief, done in the baste to get at the contents of the bag. From papers found in the bag it was judged to belong to a Mr. W. S. Bunn, who, it would seem, was transacting business for or with Messrs, Northrap & Martin, Newark. Yesterday morning the bag was fully identified as Mr. Bunn's by Mr. Martin, one of the firm in Newark above mentioned. Mr. Bann is a married man of 35 years, with a family residing in Rathboneville, a small village in Steuben County, N. Y., on the line of the Eric Railroad, at which place he had in operation a small flouring mill. He left home on Monday morning last, to go to Newark, since which time nothing has

been heard of him. He had in his possession between \$1,500 and \$1,600, with which to pay a note in Newark and one at the American Exchange Bank, New-York, which was due yesterday. It is supposed that he arrived in Jersey City on Tuesday night to take the 11 o'clock train for Newark, and it is now thought that he met with violence near the depot. The missing man has always been looked upon as a man of exemplary habits, and the worst apprehensions are felt by his friends as to his

disappearance, in connection with the finding of his traveling bag under such circumstances. The money which Mr. Bunn had in his possession was on the Sussex County Bank of Newton, N. J. Mayor Van Vorst yesterday morning directed Coroner Gafney to institute a careful search in the vicinity where the bag was found. During the whole of yeseerday Coroner Gafney was engaged with a party of men in dragging the slip near the dock where the bag

was discovered, but up to the thee when our releft nothing had been found. The missing man is five feet five inches high, thick-set, and is well known on the Eric Railroad, on which he has traveled a great deal for the purpose of selling flowr.

THE CONDUCT OF HARDEN.—By a letter from Belvidere we learn that Harden, convicted of poisoning his wife, is cheerful in his behavior, converses freely, and laughs and talks without reserve. He expresses himself as ready to die, if necessary, but hopes to have his sentence commuted by the Court of Pardons to imprisonment for life, according to law. His friends are circulating petitions for this purpose. When his counsel handed him, without remark, the letter from the Chancellor, denying the writ of error, he perused it calmly, and said it would be necessary now to get the petitions of commutation into circulation as soon as possible, as the time was growing short. It is again rumored that he has made a confession.

## BROOKLYN ITEMS.

THE JAPANESE EMBASSY, -Ope houdred and fourteen of the police of this city have been detailed for duty in New-York to-day. Fifty patrolmen and six sergeants, under Capt. Holbrook of the Third Precinct, are to report to Capt. Silvey at Pier No. 1, North River, at 12 o'clock; and fifty patrolmen and six ser-geants, under command of Capt. Woglom of the Fifth Precinct, are to report to Capt. Hopkins at Union

A great Republican ratification meeting will take place at 2 o'clock this afternoon, at Hempstead, Long Island. Speeches will be made by George W. Curtis, Parke Godwin, Mr. Hoxie, and others.

LAUNCH .- This morning at 8 o'clock Mr. Elisha L. Whitlock will launch from his yard, between Noble and Madison streets, Greenpoint, a steam propeller of about 200 tuns for Fountain, Horner & Sons of Middletown Point, New-Jersey. She will be run between that place and New-York, in the freighting and passenger business, and Mr. Whitlock will shortly lay the same time. Mr. Whitlock also furnishes the machinery of these vessels. The cost of each is about \$18,000.

Montaux Light.—A large force of workmen under Government employ arrived at Montauk Point on Tuesday for the purpose of making extensive improvements in the lighthouse. The summit of the lighthouse is to be taken down and built up anew to the hight of 160 feet from the level of the sea. More than 100,000 brick are to be employed in the new structure. brick are to be employed in the new structure. A new house for the keeper will also be erected on the hill by the light. Doings of the Sanitary Police .- The Sa

POINGS OF THE SANITARY POLICE.—The Sanitary Police, in their tour of inspection about the city yesterday, found a number of tenement-houses in Howard's court, Imlay street, Van Brunt street, and First street, in a most fitthy countion. From appearances they had not been cleaned for years. Some of the houses were nearly choked up with dirt. The officers also found six cow-tables in the Twelfith Ward which for dirtiness even exceeded the swill-milk stables in the Seventh and Eighth Wards. Numerous yards in different portions of the Fourth, Tenth, Eleventh, and Twelfith Wards were also reported. ABSENCE OF THE MAYOR.—Alderman Martin Kalb-

fleisch, President of the Common Council, is at present acting Mayor of the city, the Mayor, Mr. Powell, being in attendance at the National Senitary Convention in Boston as a Delegate, MILITARY.—The members of Company A, recently attached to the 14th Regiment, have transferred themselves to the 13th regiment, and at a recent election, Horace B. Sprague was elected Captain of Company B of the 13th. The cause of the transfer appears to be that Capt Sprague's company were partial to the gray uniform, with which they had provided themselves, while the uniform of the 14th is blue. The uniform of the 13th is gray.

WILLIAMSBURGH DISPENSARY .- The monthly report whilst the following results accomplished during the month: \$35 patients were vaccinated, exclusive of \$16 patients that were treated for different compliants, during the same time; the total number of persons who have availed themselves of the benefits of the institution, during the past month, are 1,357—males \$55; fenales 725. Nover, since the establishment of this nextul institution, has it been in a more prosperous condition than at the present time.

A CARD FROM INSPECTOR FOLK

To the Editor of The N. Y. Tribuns.

Sin: The charge against B. S. Carroll and Josep Smith was willful disobedience of orders, and not "cowardice as stated in some of the daily papers. Yours, &c., JOHN S. FOLK, Inspector of Police. Office of the Inspector of Police, Brooklyn, June 14, 1850.

A QUICK PASSAGE.-From Honolulu, Sandwich Island papers received by last mail, we notice the arrival at that port, on the 20th of April, of the schooner Nettie Merrill, 118 days from New-York. She left New-York December 22, 1859; made the run to the equator in the Atlantic in 27 days-to the Cape in 59 days; passed through the Straits and was anchored there four days during a heavy gale; crossed the line in the Pacific in long. 102° 30' on the 28th of March, making the run from New-York to Honolulu in 114 sailing days. During the passage, experienced all kinds of weather, and found the vessel a beautiful seaboat. The best run made was 706 miles in three days, an average of about 235 miles per day. The Wettie Merrill was built by E. F. Williams, esq., of Greenoint, for A. K. Clarke, esq., Postmaster-General of the Hawaiian Islands, and attracted much attention while she lay in our harbor last Fall, from the beauty of her model and equipments. The most experienced in such voyages placed the shortest time for her run to Honolulu at from 130 to 140 days. She was commanded by Capt. Latham A. Brown of New-London, Connecticut.
